Melba PEACH

PERFECT HONEY HYBRID

Melba — our greatest find in a large all purpose HONEY HYBRID peach. Adapted from coast to coast—and extremely frost resistant. Has repeatedly taken below freezing temperature in our orchards and still produced bumper crops. Our special Melba orchard starts ripening in early June and lasts through most of July. No other fruit lasts over such a long period. Never has such a fruit variety received such unanimous acclaim. Not one person has failed to say—“That’s the best peach I ever tasted.” Healthiest grower of all and disease resistant. Labeled with two red stripes.

PRICES

- 2 yr. Large Trees — \$2.95 each
- 2 yr. Medium Trees — \$2.50 each
- 2 yr. Small Trees — \$2.00 each

Four Great PEACHES

See Bonus Offers
Pages 4 and 5

NEW ELBERTA

This is a juicy, yellow freestone that ripens about June 20. The first of its class to reach the market, New Elberta has been widely planted as a commercial peach because of its young bearing habits and high quality fruit. It is a good home orchard variety, since it is an extra fine all-around peach. Whether you want to eat it juicy ripe off the tree, can, or freeze it, you'll like New Elberta. Grown and guaranteed by Wolfe, New Elberta is labelled with one PINK stripe.

PRICES:

2 yr. Large Trees - \$1.75

2 yr. Medium Trees - \$1.25

for only

\$3.50

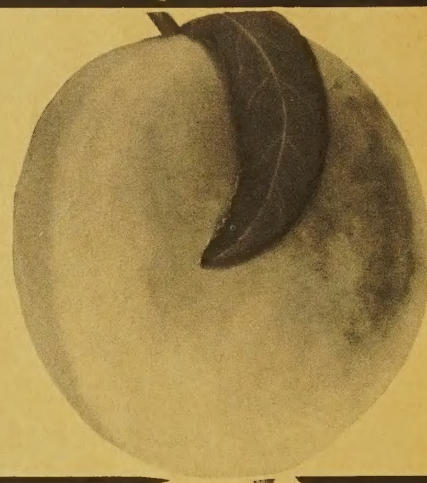

GOLDEN JUBILEE

This is the first yellow freestone to ripen, and they are ready to eat, tree fresh, between the 10th and 15th of June. Now, this is a better peach than the regular Golden Jubilee. This improved strain doesn't have the soft tip on it and, of course, it comes off earlier. It has a fine, sweet flavor and bears every year. New Golden Jubilee is a Wolfe Nursery, frost-resistant peach that belongs in every home or commercial orchard. Labeled with two YELLOW stripes.

PRICES:

2 yr. Large Trees — \$1.50

2 yr. Medium Trees — \$1.25

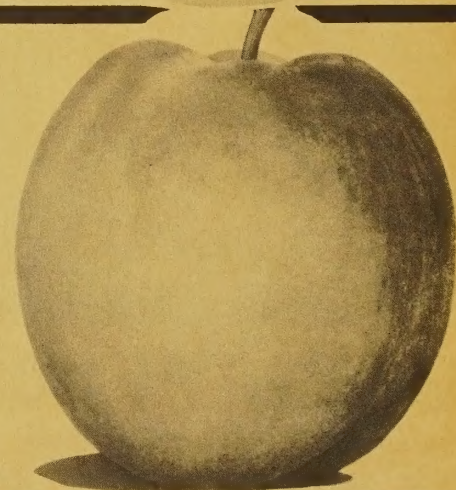

HALEHAVEN

A prize-winning freestone that ripens June 25th. Halehaven is a large, beautifully colored, yellow-fleshed peach that is without question one of the finest canners grown. Commercial orchardists know Halehaven as a bountiful producer and a splendid shipper that brings top prices on the market every year. It is perfectly self-fertile, extremely hardy, prolific, and a good pollinator for other peaches. Labelled with two BLUE stripes.

PRICES:

2 yr. Large Trees — \$1.75

2 yr. Medium Trees — \$1.25

FRANK

FARM AND RANCH Magazine says, "The most outstanding peach produced in the Southwest." That just about tells the story, for Frank is outstanding in every respect. It is a large, firm, juicy, yellow cling that ripens August 10th. It's so sweet that most women can them without sugar. Now 47 years without missing a crop at Mexia, Texas. Frank's record year-in, year-out production, proves its value as an outstanding frost-resistant variety that is a "must" in every home or commercial orchard. Guaranteed by Wolfe Nursery and labelled with one WHITE stripe.

PRICES:

2 yr. Large Trees — \$1.95

2 yr. Medium Trees — \$1.50

DIXIE GEM

*A Superb Yellow Freestone
Ripening Early in Spring*

Firm and sweet — A Peach that melts in your mouth. A bowl of tree-ripened Dixie Gem with cream and sugar—and man—you'd be a Dixie Gem booster for life. Dixie Gem is a delightfully tasty yellow freestone Peach that ripens early—a full 4½ weeks before Elberta. Along with Texaberta and Melba, it represents the very best of all peaches that we sell. Perfect for eating fresh—quick freezing or canning—and it is well adapted to all areas. Plant the Gem of them all—Dixie Gem—today—now.—Labeled with a blue stripe.

PRICES:

2 yr. Select Large Trees — \$2.50

2 yr. Medium Size Trees — \$1.95

A Pledge to Our Customers —

It is a pleasure to send you our new catalogue of the finest and most select varieties of nursery stock. Our 35 years in the nursery business has been devoted to the task of testing and selecting stock for your home orchard and landscape needs. We are certainly grateful to our loyal customers and pledge that you are going to receive the biggest dollar value and best service from Wolfe Nursery. As your nursery, we will faithfully and honestly give you the best we have in order to make your home more beautiful and fruitful.

TEXABERTA

The Nation's Perfect Peach

A perfect freestone that ripens about July 10. This outstanding peach has not missed a crop at Belton, Texas, since it was originated 24 years ago. Combine the best qualities of all peaches, add a few, and you have Texaberta. It has bright red, juicy flesh around the seed, forming into deep, tender yellow toward the bright red-covered skin. Delicious? — well, you just don't know what good eating is until you have had the juice of a Texaberta running down your chin after a good bite. Texaberta produces in mild climates where Elberta is a failure — and — it is extra FROST-RESISTANT. Texaberta is sold only by Wolfe Nursery and is labelled with a RED stripe.

PRICES:

World's Record PRODUCERS

ELBERTA

Would you believe that there are over 100 kinds of Elbertas being sold by nurseries? Very few have the original, pure-strain that gained world-wide fame for its size, color, flavor, and bearing habits. The buds that we use come right off trees in our own bearing orchard. It's the oldtime Elberta that our parents knew and remembered as being one of the most dependable bearing trees of all time. Our true Elberta, a huge, yellow freestone, ripens July 10th. Labelled with one GREEN stripe.

PRICES:

2 yr. Large Trees - \$1.75
2 yr. Medium Trees - \$1.25

INDIAN

A real handful of the most outstanding, red-fleshed, red-skinned peach that is grown. Mrs. Wolfe says it is the finest pickling peach in the land, and women who live in the Stephenville area come to our orchards every year when the Indians get ripe — they buy them and pickle them, and the whole family has a treat all winter long. Not only are they a treat when they are pickled though — they're fine eatin' when picked ripe right off the tree. Our true-strain, old Indian Cling ripens July 20. Indian is labelled ORANGE.

PRICES:

2 yr. Large Trees - \$1.95
2 yr. Medium Trees - \$1.50

GIANT HALE

A Grand Champion Show Peach that draws more attention and brings higher prices on the market than any variety that we know. Giant Hale is a yellow freestone that ripens July 15th. Its skin is a deep, rich red, and its meat a bright yellow. We've had Giant Hales come out of our bearing orchard that would weigh over a pound and would be as much as a foot in circumference. It's a giant all right, and you will be proud of the results you get when you plant Giant Hale. Labelled YELLOW.

PRICES:

2 yr. Large Trees - \$1.75
2 yr. Medium Trees - \$1.25

Everbearing—

FIGS

You can have big soft sweet Figs the first year from Wolfe's Everbearing Figs. They take very little space, but produce in abundance. Ripens fruit from July through frost, year after year. This is the best of all Figs.—Labeled pink over white.

Pages 4 and 5

CULTURE

All plants should be unpacked immediately upon receipt from our nursery. Check carefully to see that the varieties and sizes you ordered were shipped, or that proper substitutions were made providing we were authorized to make them. Be sure to keep the original copy of your order blank which serves as a packing slip and was returned with your order. *We will need it in case of adjustment.*

You should make a special effort to do the planting when the nursery stock is received. If conditions are unfavorable for planting, heel the plants in the ground in a well-drained location. Dig a trench that is deep and wide enough to hold the roots. Remove the plants from the package, cut all strings, and place their root system in the trench. To prevent the roots from drying out, work the soil thoroughly in and around the roots. Regardless of whether the soil is wet or dry, pour sufficient water in the trench to pack the soil closer to the roots. This will drive out air pockets, keep the roots moist, and in a good living condition.

PEACH

Canning

SPECIAL

It is easy and convenient to buy
from the friendly — reliable —

WOLFE NURSERY

In the privacy of your own home you can order from Wolfe Nursery the finest most reliable nursery plants that are grown. Snap out the simplified order sheet which is in the center of this catalogue. The name of everything in this catalogue is listed on the order sheet as follows: name, color label, size, price each—all you have to write is the quantity and total price. Carry the total of each column to the Special Offers where you write TOTAL. Your simplified order blank folds into a handy envelope for you to enclose your money and send to us today. Simply follow directions on the order blank-envelope and mail to us. If we are unable to ship all your order when it is received, the items left out will be marked "S. L.," which means that it will be "shipped later."

Note: If trees or plants are sold by specific size, that size is shown on order blank. Many trees are sold as 2 yr. mediums or 2 yr. large trees. This will be shown in "size" column of the order blank as MED. for medium or LAR. for large.

Pages 4 and 5

Our Guarantee

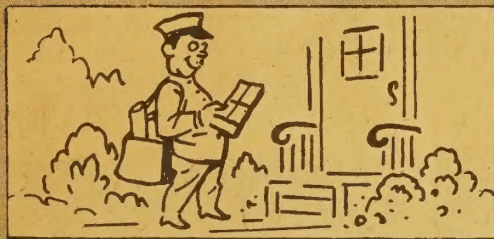

You, like many thousands who have purchased nursery stock from Wolfe Nursery for 35 years, are guaranteed the best stock available. Our entire stock has been inspected and approved by both Federal and State Inspectors. We guarantee that our nursery stock will reach you in healthy conditions and live condition. Due to weather responsible for stock after it has been planted, we cannot be held responsible for stock after it has been planted. However, if some plants should fail to live, we will gladly replace them at one-half the original purchase price. Request for replacement at one-half price must be sent to us on or before September 1st and must be accompanied by your order sheet. You can depend on the Old Reliable Wolfe Nursery and be assured that your dollar will plant more.

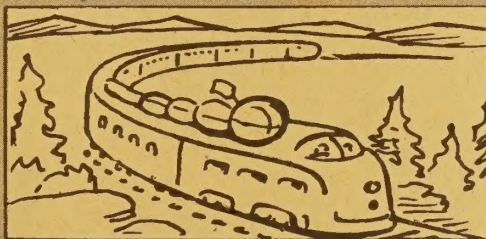

No Refunds After Stock Has Been Accepted

PLEASE NOTE OUR MINIMUM ORDER REQUEST

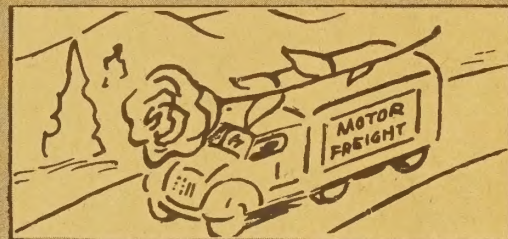

Because of increased costs throughout the nursery business, we have found that handling orders amounting to less than \$3.00 results in a loss to the nursery. Regardless of this loss, we want to serve your needs and ask that you look through the catalogue carefully and order in excess of the \$3.00 minimum. We will lose money in order to please a customer but ask your cooperation in avoiding asking for shipments that total less than \$3.00.

By Parcel Post

By Railway Express

By Fast Motor Freight

HOW WE SHIP

We ship by parcel post whenever possible; however, size limitations necessitate larger shipments going by motor freight and railway express. We will ship your order the best way possible and *when your order is delivered, the postman, expressman, or motor freight agent will collect the shipping charges.* Examine the plants carefully and notify us within ten days if plants are not received in the condition as guaranteed above. Under normal weather conditions, shipments will begin about December 1st or slightly before. Order early for shipment at the beginning of our season.

VISIT OUR NURSERY STORES IN STEPHENVILLE AND SAN ANGELO

Just west of Stephenville, in the heart of a vast 1000 acre nursery—and in friendly San Angelo, hub of the Southwest, you will find two of the nation's most colorful and complete nursery stores. . . These friendly stores are open 7 days a week from October through April. Make your plans today to visit the Wolfe Nursery Store nearest you. Bring the entire family . . . Save on what you buy and receive Bonus Plants with every purchase.

THOMAS BLACK

A BEAUTIFUL SHADE TREE PRODUCING
FLAVORFUL, TASTY, THIN-SHELL WALNUTS

This Jumbo, thin-shell Black Walnut will grow and bear in all sections—from the Gulf Coast to Canada. How easy it is to pick tasty bushels of these big, delicious walnuts from your own trees and store them for those cold winter days for eating fresh or making delicious candies. Thomas Black is an ideal shade tree. It grows fast—is disease-resistant—and its deep green leaves make valuable shade in your yard. Thomas Black starts bearing the first year in our nursery rows. Some trees are now producing from 20 to 30 bushels of giant Walnuts. Labelled with two RED stripes.

PAPER-SHELL PECANS

FOR OVER A THIRD OF A CENTURY WOLFE NURSERY HAS PIONEERED THE PRODUCTION OF THE NATION'S FINEST PECANS

Giant MAHAN

The world's largest Pecan

The world's most beautiful Pecan Tree

Can you imagine Pecans so large that the clusters of nuts look like bananas on the trees? That's Giant-Mahan — THE WORLD'S LARGEST PECAN. The nuts look somewhat like Schley but they are more than twice as large. Giant-Mahan is also a true brittle paper-shell and brings more money per pound than any other Pecan. This variety has become increasingly popular due to the healthy, vigorous-growing tree which makes a beautiful shade specimen. It grows upright and puts on dense, dark green foliage. The leaves are extremely large. Added to this feature, it is adapted to all sections and is resistant to common diseases. Giant-Mahan is a heavy producer and our Machine-Dug root system enables it to start bearing soon after you plant it. Giant-Mahan and Garner make an ideal pair for home or commercial planting. Mahan is labelled with one WHITE stripe.

2 to 3 ft. Trees — \$2.75
3 to 5 ft. Trees — \$4.75

5 to 7 ft. Trees — \$6.75
Giant 7 to 9 ft. Trees — \$9.50

See Bonus Offers
Pages 4 and 5

GARNER PECAN

We cannot supply the entire demand for Garner—most outstanding of all Western Paper-Shell Pecans . . . For those who order early we offer these premium trees with vigorous one-year tops. Rush your order today. Labeled Red.

PRICES:

5 to 7 ft. Trees — \$7.50

3 to 5 ft. Trees — \$5.75

WESTERN SCHLEY

THE PIONEER WESTERN VARIETY

PRODUCING PROFIT EVERY YEAR

One of the most ideal home orchard and commercial varieties. Its size is large and its shell thin. Western Schley never fails to prove that money does grow on trees. The tree is remarkably healthy, a strong grower, early and heavy producer. A genuine Risien Gold Medal Pecan that makes a gorgeous shade specimen in a hurry. Labelled with a GREEN stripe.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$4.10
Giant 7 to 9 ft. Trees — \$8.50

SPECIAL GOLD MEDAL COLLECTION

NOW OUR PAPER SHELL PECAN SPECIAL IS OFFERED IN 3 SIZES. Several years ago, many of our customers asked us for a pecan special offer. We came out the next year with our original pecan special. It was 3 trees, 1 to 3 ft. size, for \$5.00. That special meant a saving of \$2.20 to our customers and thousands of good people bought them. Many, many customers who wanted larger trees at a bargain price have written us—so, for the first time, we offer our Gold Medal Collection in three sizes. We are selecting three of our best varieties: Burkett, Stuart, Giant-Mahan, Garner, Success, or Western Schley—those best adapted to your location. Before you know it, these select Wolfe-grown trees will be producing loads of big, delicious paper-shell pecans.

PRICES:

3 Trees, 1 to 3 ft. size	3 Trees, 3 to 5 ft. size	3 Trees, 5 to 7 ft. size
Only \$5.00	Only \$9.95	Only \$15.95
You Save \$2.20	You Save \$2.35	You Save \$3.25

Burkett

See Bonus Offers
Pages 4 and 5

FOR UNSURPASSED SHADE IN YOUR YARD FOR EATING PLEASURE AND SELLING PROFIT PLANT WOLFE'S FAST-GROWING BURKETT

The leader, and will continue to be, in Western varieties. Burkett is a regular and heavy producer of large, round, fat pecans that are perfect for home use and bring top market prices. Burkett is popular — as long as we have been in business the market demand for Burkett and Garner has never been supplied. It has a rich flavor and its meat content is so high that just a few of these choice pecans go a long way. Plant Western Schley or Garner for perfect pollination. Plant only in altitudes of 600 ft. and up and on well-drained land. Wolfe Nursery's select Burkett's are labelled with one BLUE stripe.

PRICES:

2 to 3 ft. Trees — \$2.75
5 to 7 ft. Trees — \$6.75

3 to 5 ft. Trees — \$4.75
Giant 7 to 9 ft. Trees — \$9.50

BLUE RIBBON PECAN OFFER

This is the "perfect" combination of Papershell Pecans. If you look for production of high quality, huge size papershell pecans—if you look for beautiful, valuable, long-lasting shade trees—look no more, for this "perfect" combination gives you the ultimate in production, plus shade that's a joy to enjoy. Our BLUE RIBBON OFFER is made up of 3 selected trees. Two Stuarts and one Giant Mahan. Offered in three different sizes. If you want only the finest—at a saving—order today—

3 Trees 1 to 3 Ft. Size

ONLY \$6.45

3 Trees 3 to 5 Ft. Size

ONLY \$11.45

3 Trees 5 to 7 Ft. Size

ONLY \$17.45

SUCCESS

This most popular Eastern variety is in demand because of its excellent flavor; large, plump, smooth, creamy kernels that release perfectly from the thin soft shell. Forty of the big nuts usually make a pound and it tests high in meat content. The tree is a beautiful, vigorous grower and highly resistant to scab. It heads low and makes an ideal variety for yard planting. Success ripens a few days later than Stuart. Both are very polliniferous. DON'T FORGET Wolfe's MACHINE-DUG ROOT SYSTEM makes the difference. Your trees will grow off faster—produce earlier—and make a vigorous shade tree years sooner. Labeled with one Pink Stripe.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$4.10
Giant 7 to 9 ft. Trees — \$8.50

NOTE: Paper-shell Pecan Trees planted on your property add more to its value than any other tree you could plant.

STUART

A POPULAR VARIETY ADAPTED TO ALL SECTIONS INCLUDING THE COAST

Stuart comes nearer to being well adapted to all sections of the country and all soils than any other variety. It is an excellent producer and a hardy, fast growing, healthy tree. The meat has a real Pecan flavor and the shell is medium thick—somewhat brittle. The average Stuart will run 48 to 50 per cent kernel. As you can see by the actual color picture at the left, the Pecan is large and always well-filled. The trees bear regularly and are highly resistant to scab. Stuart is labelled YELLOW.

PRICES:

2 to 3 ft. Trees — \$2.40
5 to 7 ft. Trees — \$6.40

3 to 5 ft. Trees — \$4.10
Giant 7 to 9 ft. Trees — \$8.50

APRICOTS

SUPERB

**SELECTED HEAVY BEARING VARIETIES
FOR YOUR HOME ORCHARD**

✓ **SUPERB**

*Most Outstanding of All Apricots
Adapted to the Southland*

In Superb we have found a large, richly colored, fine flavored apricot that can be counted on to produce good crops every year in the South as well as in the North. It's thoroughly adapted to our climate and soils and its yearly production of big, orange-yellow fruit is just what literally thousands of home owners have asked for for years. Our search for an apricot that would produce for you every year is ended. We proudly present Superb, guaranteed by Wolfe Nursery. Labelled with a GREEN stripe over RED.

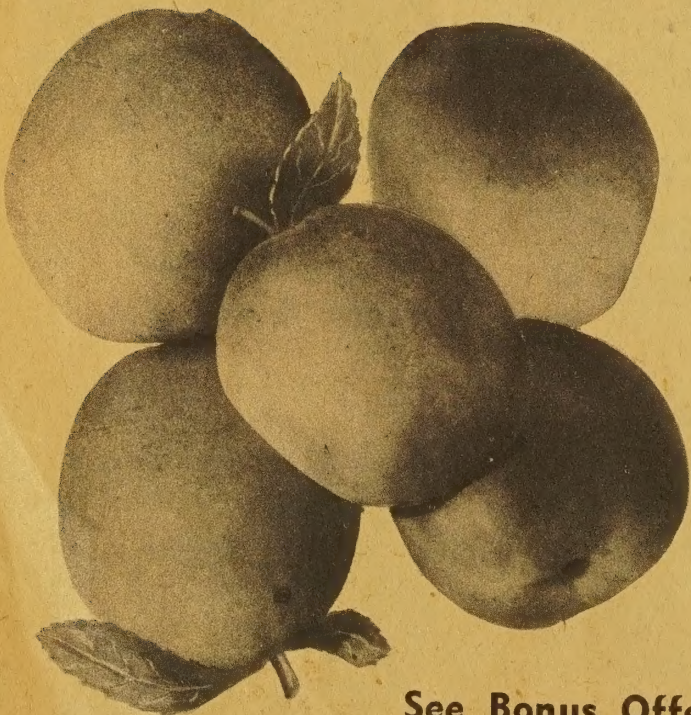

PRICES:

2 yr. Large Trees - \$2.50 2 yr. Medium Trees - \$1.95

WE GROW OUR OWN TREES.

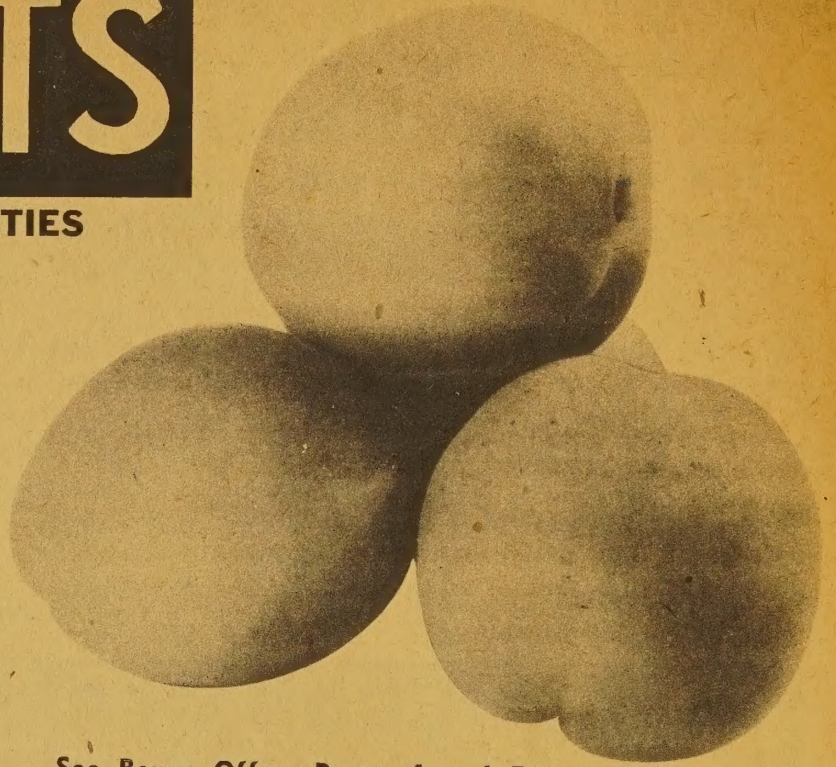

IT PAYS TO BUY DIRECT

FROM THE GROWER

Pages 4 and 5**

MOOR PARK

See Bonus Offers Pages 4 and 5

✓ **GOLDEN CLUSTER**

Golden Cluster

A medium to small prolific Apricot with a smooth light orange-yellow skin. The delicious yellow flesh is firm but juicy. Not dry like some common varieties of Apricots. Apricots should be cultivated very shallow as the feeder roots are close to the surface. Golden Cluster is labelled with a GREEN stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees - \$1.95
2 yr. Medium Trees - \$1.50

✓ **MOOR PARK**

The most popular commercial apricot grown and adapted to most all sections. It is rather a large Apricot with tender, sweet orange flesh. It separates easily from the small seed and is a grand variety for eating fresh, canning, or drying. Hangs on the tree remarkably well. Every home orchard should include apricots, for the tree-ripe fruit has a flavor that just can't be matched. Moorpark is labelled with a GREEN stripe over a BLUE.

PRICES:

2 yr. Large Trees - \$2.25 2 yr. Medium Trees - \$1.75

SWEET · JUICY · FULL FLAVORED

Pears DOUGLAS PEAR

The Sugar Pear That Bears Very Young

We've never had any pear variety that offers more production or bears earlier than Douglas. I'll never forget summer before last when we had a Douglas Pear block near a road that goes over the nursery. People that visited us and drove over the place never ceased to be amazed at this whole block of trees just loaded down with fully mature pears. Why, the trees weren't but about 4½ or five feet tall and many of those little trees had as many as ten or twelve pears on them! You'll like the bearing qualities, and the color, and taste of Douglas Pears just as all of those visitors did. It's *Blight-Resistant* and bears consistently each year, ripening about August 15. Labelled with a PINK stripe over a YELLOW stripe.

PRICES:

2 yr. Large Trees — \$2.75 2 yr. Medium Trees — \$1.95

GARBER

For eating juicy ripe off of your tree or for preserving for year-round pleasure, Garber is ideal. It is beautifully colored and well shaped, and the tree is vigorous as well as highly disease-resistant. Labelled PINK over BLUE.

PRICES:

2 yr. Large Trees — \$1.75 2 yr. Medium Trees — \$1.40

KIEFFER

A variety adapted to all sections — including sections where Bartlett is a failure. It is a sure bet for heavy, consistent crops of large, white-fleshed pears. It is a golden yellow pear that is an extra good cooker and ideal for winter storage. It will keep for a longer time and gets very sweet and mellow after about a month. Kieffer is labelled PINK over RED.

PRICES:

2 yr. Large Trees — \$1.75 2 yr. Medium Trees — \$1.40

ORIENT

A brand new *BLIGHT-RESISTANT* variety that has been acclaimed outstanding everywhere that it has been tested. Without reservation, we, here at Wolfe Nursery, recommend Orient as perhaps the finest home orchard and commercial pear that has ever been sold. Sturdy, healthy trees, heavy production, high quality, and adaptability to all sections, place Orient on the top of the list of America's Pears. Its skin is lemon-yellow and the flesh is creamy white with a smooth, delicious texture. The shape of the tree makes it ideal as a yard tree. Labeled PINK over WHITE.

THE Holland Apple

Mother Nature must have decided to combine all the best qualities of apples into one when Holland was originated. When I first saw this grand apple at Weatherford, Texas, I knew it was the Apple that Texas and the great Southwest needed. For many years, Holland has proven to be a consistent, heavy producer of huge, dark, strawberry-red, smooth, firm, juicy-fleshed Apples. Its delightful flavor more than pleases the most exacting taste.

Being a native Texan, Holland is especially adapted to our climate and soils, but has proved outstanding wherever Apples are grown. Holland is the perfect apple for home planting. Of course, its most outstanding point is that it will consistently produce apples for us here in the South. Then, it's self-fertile. You do not have to plant another apple with it to get it to produce. You get heavy production with just one tree. It ripens early - July 20. It will fruit for you the 2nd year following planting. Labelled ORANGE over RED.

PRICES:

2 yr. Large Trees - \$2.60

2 yr. Medium Trees - \$1.95

2 yr. Small Trees - \$1.50

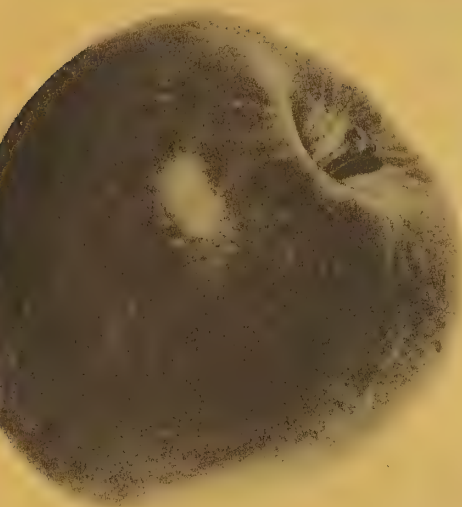

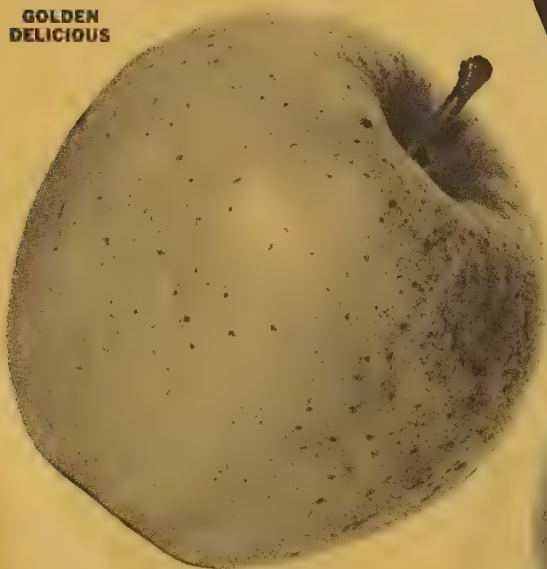

HOLLAND PRODUCES YOUNG

Our Holland Apple orchard was planted in February and bore its first fruit 5 months later in July. Holland is the youngest bearing, heaviest producing apple we have ever grown.

DOUBLE RED DELICIOUS

Pictured left

The old King of red eating Apples that is grown from coast to coast with equal success. By thinning the fruit properly, Double Red will develop into a huge size. Our pure-strain Double Red bears loads of big, sweet, firm apples, that are a treat to enjoy. Trees you receive from Wolfe Nursery are budded from our own bearing orchards. Store-bought apples are picked before they are ripe and don't compare with those picked from your own trees. Double Red Delicious is NOT self-fertile and MUST be planted with either Holland, Golden Delicious, or King David. Double Red is labelled ORANGE over BLUE.

PRICES:

2 yr. Large Trees — \$1.95; 2 yr. Medium Trees — \$1.50

THERE'S GRAND EATING PLEASURE

IN

Golden Delicious

Pictured left

By far the outstanding Apple in its class. Self-fertile and an excellent pollinator in the home or commercial orchard. Golden Delicious is a mild, juicy, sweet, crisp, white-fleshed apple with new-gold skin that has a distinctive flavor all its own. It is a richly fragrant and appetizing apple that belongs in every home planting. Like Holland, Golden Delicious is adapted to a wide territory and bears very young. Golden Delicious is labelled with an ORANGE stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees — \$2.50; 2 yr. Medium Trees — \$1.95

KING DAVID

Pictured left

An August Apple that will yield from \$200.00 to \$300.00 per acre. One orchard at Baird, Texas, has produced as much as \$500.00 worth of King David Apples per acre. It also proves that "Money DOES grow on trees." KING DAVID is a medium size, firm, bright red apple with a tart acid flavor, somewhat similar to the old Winesap—juicy. Very prolific producer and healthy grower. Perfect for apple pies, cobbler, apple jelly, jams, and apple butter. Tall all-purpose apple that is one of the best pollinators. Labelled ORANGE over YELLOW.

PRICES:

2 yr. Large Trees — \$1.95; 2 yr. Medium Trees — \$1.50

Sweet & Tart CHERRIES

for Home
canning or fresh eating

MONTMORENCY

The best known and the most widely planted of America's tart Cherries. The fruit is large size, its color bright red, and its flesh firm. It's the principal canning cherry because of its dependable production and the hardiness and disease resistance of the tree. Plant only in altitudes of 600 feet and up. Labelled WHITE over GREEN.

PRICES:

1 yr. Large Trees — \$1.95

1 yr. Medium Trees — \$1.50

See Bonus Offers
Pages 4 and 5

BLACK TARTARIAN

A large, sweet, black cherry, known best as an ideal fresh eating fruit. The Cherry is rich and flavorful—the tree a vigorous, upright grower that is a colorful, welcome addition to any landscape plan. It takes such a little bit of space to grow cherries that no home orchard should be without one or two. The unusual, appetizing flavor of juicy homegrown fruit pays you back a hundred-fold for the small amount of effort it takes to grow and care for the trees. Black Tartarian is labelled WHITE over RED.

PRICES:

2 yr. Large Trees — \$2.50

2 yr. Medium Trees — \$1.95

Please Note

We do not recommend the planting of cherries south of Waco, Texas, and only for Home Orchards south of Wichita Falls, Texas.

TEMPTING - TANGY GOODNESS

Wolfe's RUBY RED CRAB APPLE

Transcendent

"Most valuable of all red Crabs," because of very heavy production, attractive crimson red color, good size, and unexcelled quality of its jelly, preserves, jams, and pickles. Tree is dwarfish. Pink blooms and ruby-red fruits make it a fine lawn ornamental. Bore ½ bushel at 2 years. Labelled ORANGE over GREEN.

PRICE:

Medium Trees — \$1.95

A Colorful Complement For Your Landscape
and especially for you —

THE PERFECT JELLY PLUM —

ALLRED

Beautiful to see

Delicious to eat

We know of no other fruit tree that offers such beautiful blossoms during the spring — such outstanding, colorful red foliage all during the growing season — and such delicious eating. Allred is a dual purpose tree — not only does it produce one of the nation's outstanding quality plums, it is absolutely unsurpassed as a beautiful and colorful landscape tree. The fruit looks like a dark cherry, only larger, and its flesh is a juicy, deep red. It is ideal for either eating fresh off the tree or for making a tasty, bright red jelly. The leaves are RED — the stems and branches are RED. The fruit is RED inside and out, and the tiny seed is RED. Allred is truly ALL RED. Labelled with a BLUE stripe over a WHITE stripe.

Money DOES Grow on Trees

Our slogan, "Money DOES Grow on Trees," is not just a "catch" phrase. When your home is beautifully landscaped and surrounded by Wolfe's fine paper-shell pecans, fruit trees, and shade trees, the value of your property is increased several times the cost of the plants. In addition to reaping profits of pleasure, you enjoy fresh tree-ripened fruit that only Mother Nature can produce. Let us help in your planting plans. Join the thousands that drive to the nursery to take advantage of our Home Orchard and Landscape Service. You will enjoy the visit and appreciate the saving on nursery stock.

Persimmon

*The most attractive of all fruit trees -
a lovely landscape tree.*

TANI-NASHI A long, bright orange Jap Persimmon that is seedless. Finest quality to be had. We have picked Tani-Nashi when snow covered the ground. What a beautiful sight! Persimmons with a white snow background! It is frost-resistant and widely adapted. Deliciously flavored. Plant trees 20 feet apart. Tani-Nashi is labelled YELLOW over RED.

Large Trees — \$2.95

PRICES:

Medium Trees — \$2.25

EUREKA A very hardy variety with a most delicious flavor. Sometimes seedless. Big red fruit literally cover the tree and hang until soft ripe. Our system of using fruit-buds causes Wolfe-grown trees to produce young and heavily. When served with a few drops of lemon juice, sugar, and thick cream. Eureka is a dish fit for a king. Eureka is labelled YELLOW over WHITE.

Howard's Miracle

(PATENTED)

THE MOST SENSATIONAL FRUIT OF A DECADE

THE INTRODUCTION of the "Miracle Plum" marks an epoch in the advance of fine fruits for the table. The tantalizing and delicious flavor, the great size, firm amber flesh, combined with a delightful color, place the "Miracle Plum" in a class by itself. Invariably, after tasting the "Miracle Plum," comes the exclamation: "This fruit is truly a miracle. It is something out of this world." Here are some facts about the "Miracle Plum": Extraordinarily large size fruit, average diameter $2\frac{1}{2}$ to $2\frac{3}{4}$ inches. An astounding surprise to the palate, flavor not unlike Nectarine, Peach, and Plum mixed; skin thin and unnoticeable when eating fruit, miniature stone, meat Nectarine-like in quality. Keeping qualities excellent, delicious in preserves, fruit ripens over long period during July and August. Exceedingly fast growing and quick bearing tree, which will bear fruit second year after planting. Beautiful ornamental tree of medium size, foliage persistent, in autumn richly tinted not unlike the leaves of a Maple. Can be grown in a small garden. 1 Yr. Trees, Labelled BLUE over ORANGE.

PRICES:

Large Size — \$2.50

Medium Size — \$1.95

You've Never Tasted Plums Like These

The great size, the new delicious flavor. (Is it Nectarine? Is it Peach? Is it a Plum?) The firm amber flesh makes it the most exciting fruit grown today. Plant one or more of these exceedingly fast-growing, quick-bearing trees and harvest fruit the second year. Bears through July and August.

Pages 4 and 5

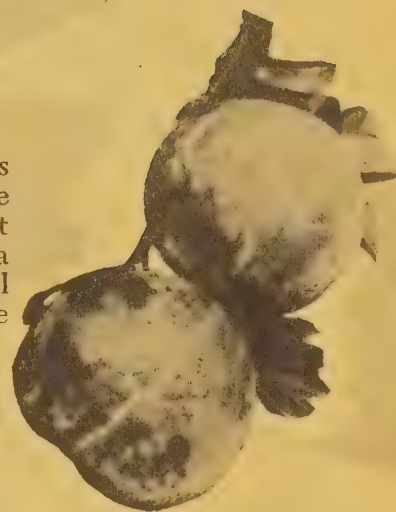

Sapa PLUM CHERRY

This is Mrs. Wolfe's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens in the latter part of June. Labelled BLUE over PINK.

PRICES:

2 yr. Large Trees — \$2.25

2 yr. Medium Trees — \$1.75

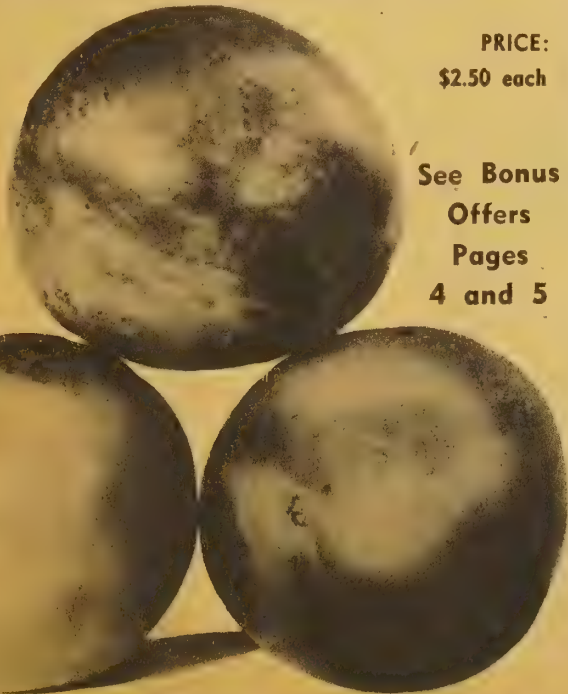

Wolfe's NECTARINE

The Nectarine is such a delicious fruit it has always been a source of disappointment that there has been no Nectarine variety which was dependable in this area. Only now have we succeeded in getting a Nectarine that has stood the test. These big, bright red and yellow fruits are unbelievably good, and so good looking that you will keep a bowl of them on the table just for ornament. (We guarantee they won't stay in the bowl long, they taste too good.) You'll not have to hope for a crop—you'll get it every year without fail. Add to all this the fact that the big spring blooms have such a lovely clear pink color that it is almost as ornamental as the finest flowering Peach—after all this, does it sound as if you could afford to be without it? Ripens in July.

PRICE:

\$2.50 each

4 and 5

BRUCE PLUM

The best large red Plum grown in the South. The tree is very healthy, bears very young and produces loads of Plums nearly as large as a hen egg. It ripens early in June, and growers report getting \$8.00 per bushel on the New York market. Other varieties of Plums must be planted with Bruce for pollination. It is the only variety on our list that is not self-fertile. In commercial plantings, we recommend planting one pollinator to twenty Bruce. Bruce is labelled BLUE over RED.

PRICES:

2 yr. Large Trees — \$1.95

2 yr. Medium Trees — \$1.45

BURBANK PLUM

One of the finest eating Plums that ripens about June 25th. It is a large, purplish-red Plum with deep yellow, delicious flesh. A very prolific variety that was created by, and named for, a great man. Burbank is an excellent commercial Plum, and sells in the fancy fruit class. It is labelled with a BLUE stripe over a GREEN stripe.

PRICES:

2 yr. Large Trees — \$1.95

2 yr. Medium Trees — \$1.45

All American Floribunda

Vogue

our brilliant neon red

everblooming Floribunda beats them all

Vogue not only is an All America Award Winner for 1952, but has also won numerous other high awards in America and abroad. It brings a new distinct color to the Floribundas, bright cherry-coral. Attractive buds open slowly into perfectly formed, high centered flowers, 3 to 4 inches across. Delightfully fragrant. Makes a husky plant nearly 3 feet tall. Marvelous in a solid bed or a hedge. Perfect for picture windows and with evergreens and shrubs in foundation planting. Vogue is one of the most profuse bloomers introduced in years. A spray or two makes a bouquet. Attractive in your garden, beautiful in the vase. Cutting the flowers freely will stimulate more bloom. Hardy, long-lived, blooms continuously spring, summer and fall. A perfect combination planted with Fashion. Plant patent No. 926.

PRICE: No. 1 Bushes — \$2.25

TOP ALL AMERICAN

Fashion

The Glorious

FLORIBUNDAS

Fashion

All America Award Winner for 1950, Fashion blooms are bright coral-peach, a most amazing color because it is so brilliant and, at the same time, so soft and lovely. There is no other Rose color like it. Add to this the exquisite form of both the bud and open flower, and you will see why this rose is being hailed with such enthusiasm. It has won the National Rose Society's Gold Medal in England and the famous Bagatelle Gold Medal in France. Scores and comments of the All-America judges gave it high praise, also. The open blooms are about 3 inches across, or larger. Buds open slowly to a wide-open flower with gracefully waved petals and a rich display of golden yellow stamens. Pleasing old-Rose fragrance. Plants are good and vigorous, bushy, with neat, small, glossy foliage. It reaches a height of 2½ to 3 feet, with few thorns. We consider it a gem, as it brings a brand-new, enchanting color to Floribunda Roses. Plant Pat. No. 789.

PRICE: No. 1 Jumbo Bushes — \$2.50

PINKIE

Pinkie has more charm, dainty beauty and artistic appeal than any rose that we grow. It is a new and entirely different Floribunda type. The bushy little plants, 15 to 20 inches high, carry throughout the entire blooming season—Spring, Summer, and Fall—a great profusion of little slender pink buds with a perfection of form never seen in Floribundas before. Pinkie is perfectly adapted as a low hedge or border plant because it stays low and compact. (Patented)

PRICE:

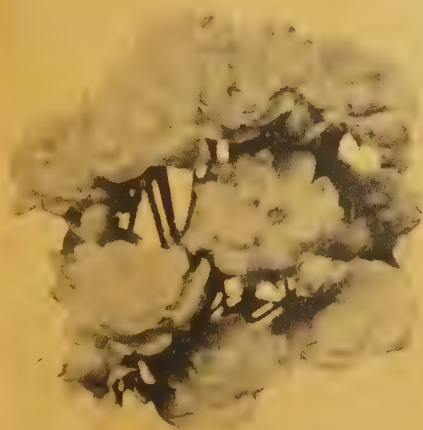

No. 1 Jumbo Bushes — \$1.75

GOLDBLOCKS

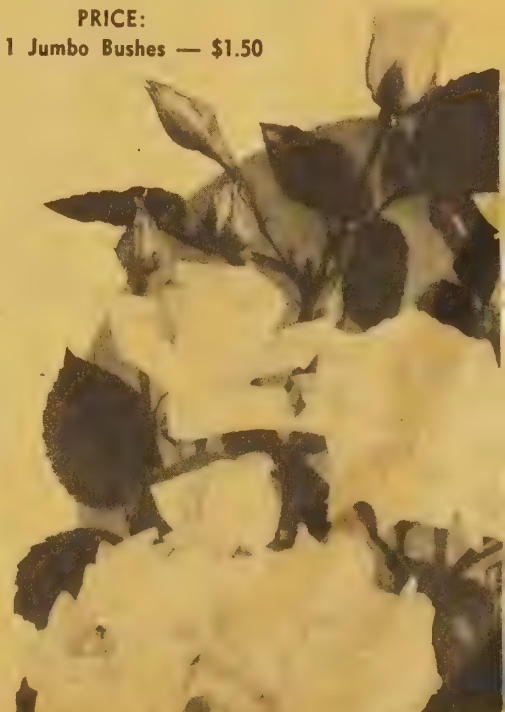

This is something different—a true Floribunda in a rich shade of golden yellow. The low compact 18-inch bush is continuously bursting with golden masses of perfect little buds and many-petaled, long lasting flowers. The aging flowers hold their color and the delightful abundance of bloom is a breathtaking sight in a garden. Plant Pat. No. 672.

Grand winner of Rose Shows all over the world

● Certainly this All-America Winner is one of the most beautiful of all Roses. Perhaps its chief beauty is the great range of colors through which it passes. The full ovoid bud is deep yellow, with the edges of the petals picoted cerise. It slowly opens to a glorious 5-inch bloom with shades of canary-yellow, pale gold, cream, pearly white, and apple blossom. Although the bloom is unusually large, double and long-lasting, the dainty coloring gives it marvelous beauty. The plant is just as large and fine as the blooms, being above average in size, and the flowers are borne on long straight stems above the vigorous shining foliage. The fragrance is moderate. No such amazing combination of strong stems, fine lasting qualities, and huge, perfectly formed, delicately colored Roses, ever existed before. Plant Pat. No. 591.

PRICES:

No. 1 Specimen Bushes — \$3.00

No. 1 Jumbo Selected Plants — \$2.50

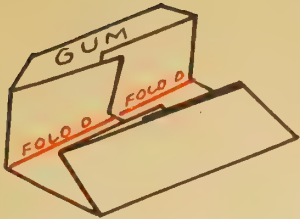

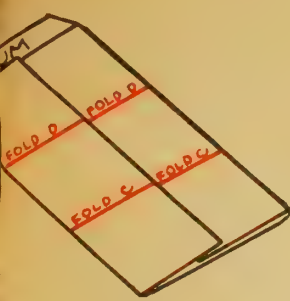

CHARLOTTE ARMSTRONG (right)

Since its introduction when it won the sole All-America Award, Charlotte Armstrong has become the favorite rose in thousands of rose gardens throughout the country. In our opinion, it remains the top All-America Winner out of all the fine varieties given this honor. Certainly it is one of the finest roses that we grow here at Wolfe Nursery. If you are planting it for the first time, you will marvel (as we still do) at the beauty of the lovely, long, carmine-red buds, with their perfect streamlined form, and at the magnificent open blooms of rich cerise. The open flower is usually 3 or 4 inches in diameter, with about 30 petals, high-centered, remaining a beautiful rich color until the last petal drops. Plant Pat. No. 455.

Pages 4 and 5

Show Girl

This delightful Show Girl is lovely "Perfection in Pink." From early spring 'til hard frost, the vigorous bush produces long pink buds of unusual beauty. Since its recent introduction, the popularity of Show Girl has risen with meteoric rapidity. It is a joy to grow and its cut flowers are exquisite. We recommend Show Girl to you with enthusiasm, for we know that you, too, will love our "Show Girl." Plant Pat. No. 646.

PRICE: Jumbo Size — \$2.00

SHOW
GIRL

FORTY NINER

The most brilliant and outstanding of all bi-color Roses and certainly the most attractive. The color combination is rich and pleasing, vivid orient red with chrome yellow reverse, the yellow most evident in the bud and seen as flashes of a "Golden Lining," in the open bloom. An All-America Rose Selection that blooms continuously from early spring until frost. Plant Pat. No. 792.

PRICE:
Jumbo Size — \$2.25

COLLECTION

the lovely roses listed and picture. Dress up your yard with the All.

ONLY \$11.50

Pages 4 and 5

NOCTURNE

One glimpse of the perfect, long, streamlined buds of this new rose should arouse enthusiasm in everyone. The color is bright cardinal-red with dark shadings of Chrysanthemum-Red — the over-all color becoming somewhat lighter and brighter in warm weather. The large petals have good substance, are richly textured, and there are plenty of them so that the flower lasts a long time. The bush is big and sturdy with the stems long and stout, and the foliage large and luxuriant. We believe that Nocturne is one of the three best red roses in the country today. Plant Pat. No. 713.

Everblooming **ROSES**

ALL TIME DEPENDABLE FAVORITES

RED RADIANCE Acclaimed by many as the best all-around rose of them all. Surely Red Radiance is a superior rose and one of the hardiest of all rose varieties. Because of its year-in, year-out dependability, Red Radiance is one of the most widely planted of all everblooming roses. Labeled with one RED stripe.

SOEUR THERESE A non-fading, bright yellow that makes such lovely buds, ideal for vase or buttonhole. We've grown Soeur Therese many years and its dependable performance makes it outstanding among yellow roses. Labeled YELLOW over RED.

COLUMBIA A dainty pink everblooming rose. The plant is vigorous and the blooms are many petalled. Columbia, like all of the roses that we sell, is a guaranteed, West Texas Grown, Jumbo Rose — the finest roses sold. Labeled PINK over RED.

EDITH N. PERKINS Coppery outside and delicate salmon-pink inside of petals, with heavily over-spread tints of gold in high-centered, perfect buds, make this a favorite two-toned pink. For fragrance, abundance of bloom, and all-round desirability, it cannot be surpassed. Strong and attractive plants of this Rose should be included in your order. Labeled ORANGE over RED.

PINK RADIANCE Plenty of long-stemmed, silvery-pink, fragrant flowers under all conditions of soil and climate. This robust, disease-resistant variety never fails. A favorite in American gardens for nearly 40 years. Labeled PINK.

AMI QUINARD A deep, velvet red Rose — the darkest colored red that we grow. An everblooming variety that blooms from spring until frost. Labeled RED over RED.

SNOW WHITE (not pictured) One of the best and most beautiful of all white roses. Attractive double bloom with a background of rich green foliage — everblooming, from spring until frost. Labeled WHITE over RED.

TREASURE CHEST COLLECTION

4 lovely roses — One each of Red, Yellow, Pink, and Two-Tone. Ideal for a well-balanced planting with color. Each rose is guaranteed.

EDITOR MCFARLAND Even, glowing pink describes the bloom, which is free and abundant on a strong-growing bush. One of the most popular and dependable pinks and a great cut flower, it has enjoyed a long and merited popularity. Labeled PINK over BLUE.

POINSETTIA As brilliantly red as the Christmas flower for which it was named, with long stems supporting the sparkling buds on extra-good bushes. Here is a red Rose that has just about everything it should have and which can stand comparison with the best of all. Labeled RED over WHITE.

HOOVER An everblooming two-tone rosé, combining soft pink and yellow for a pleasing effect. Two-tone roses are a must in any well-balanced Rose Garden. Labeled ORANGE over BLUE.

GOLDEN CHARM An outstanding yellow with jaunty, tightly furled buds and graceful, high-centered open flowers. A rich yellow color with a delightful old-time rose fragrance. Labeled YELLOW over WHITE.

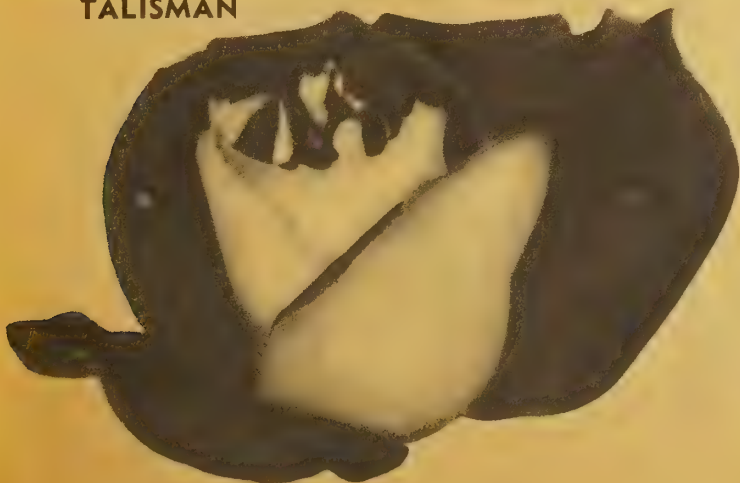

TALISMAN This vividly colored Rose is probably better known as a florist's cut flower than any other. Exquisitely formed, orange-scarlet and golden yellow buds are borne on long stiff stems and are richly fragrant. Labeled ORANGE over WHITE.

SUNRISE ROSE GARDEN

12 Two-year old, well-rooted, Western Grown Roses. Twelve all-time favorites for the home gardener who prefers a colorful, well-balanced collection of Roses. Each collection contains 1 climber and 11 ever-blooming bushes. A real bargain.

ALL 12 Only \$6.95

TALISMAN

JUMBO CLIMBING ROSES

PAUL'S SCARLET

This popular Rose is the most admired of all climbers. It is a blaze of glory in the spring and the beautifully shaped scarlet blossoms literally cover the strong, graceful branches. In full bloom, it stops everyone who is passing by. Every flower lover should find a place for this Queen of Climbers. Paul's Scarlet is labelled with a BLUE stripe over a RED.

PRICES:

No. 1 Jumbo Plants — \$1.25

No. 1 Large Plants — \$.95

5 of our colorful Paul's Scarlet Climbers at a saving.
A regular \$5.50 value.

Only \$3.98

CLIMBING TALISMAN

A "SPORT" of the beautiful bush Talisman, but a much heavier blossoming Rose. The two-toned, exquisite, long buds appear all over the gracefully erect stems' early and continue all through the blooming season. Talisman is labelled BLUE over ORANGE.

PRICES:

No. 1 Jumbo Plants — \$1.25

No. 1 Large Plants — \$.95

CLIMBING PEACE

The bush rose of Peace is the world's most outstanding Rose. In the Climbing Peace all of the features of the original bush are maintained — the only difference being growing habits of the plant. Climbing Peace, a new introduction should, and we think will, be the most popular of any climber yet introduced. It is a fast grower and, of course, it is everblooming. Plant the world's most beautiful Climbing Rose on your fence or trellis. Plant Pat. No. 932.

PRICE:

No. 1 Jumbo Bushes — \$2.50

CLIMBING PINKIE

We know you will be delighted with it, just as we are, because the bushy yet compact 6 to 8 foot plant with its unbelievable masses of bloom is just right for many places where an ordinary climber would be too large. The glossy light green foliage is heavy and luxuriant, but in the spring, you'll have to look hard to see it under the cloud of bloom. Just take a look at the picture and you'll see what we mean. Every perfect little delicate pink bud and flower is spicily fragrant — just the same as those which won an All-America Award for Pinkie in 1948. We've saved the best for last — in addition to all these features, this is a climber which doesn't stop with the first burst of bloom but keeps right on with cluster after cluster of dainty blooms throughout the season. You'll never want for flowers in the garden or for cutting. Plant Pat. applied for.

PRICE:

Selected No. 1 Bushes — \$2.75

CARMAN

Delicious Grapes

CARMAN

A Select Variety for the Home - Perfect for Eating - for Jams - Jellies - or Juice.

One of the sweetest Grapes grown. We put up hundreds of gallons from our vineyard at Comanche, Texas. Carman makes large, compact bunches of Grapes and is a very heavy producer. It is a regular bearer of firm, glossy black Grapes that melt in your mouth. It is adaptable to most any section and ideal for home or commercial planting. Carman is one of the famous Munson Grapes that combine the best quality of several varieties. It is mildew-resistant and is seldom attacked by leaf folder. Carman is labelled with a RED Stripe.

PRICES:

2 yr. Large Vines — \$.95

2 yr. Jumbo Vines — \$1.25

GRAPE SPECIAL

A Super Special Collection of Grapes for home use. Collection is made up of two Carman and one each of Thompson Seedless, Delaware, Niagara, and Concord. A regular \$4.75 value for only \$3.98. All six for

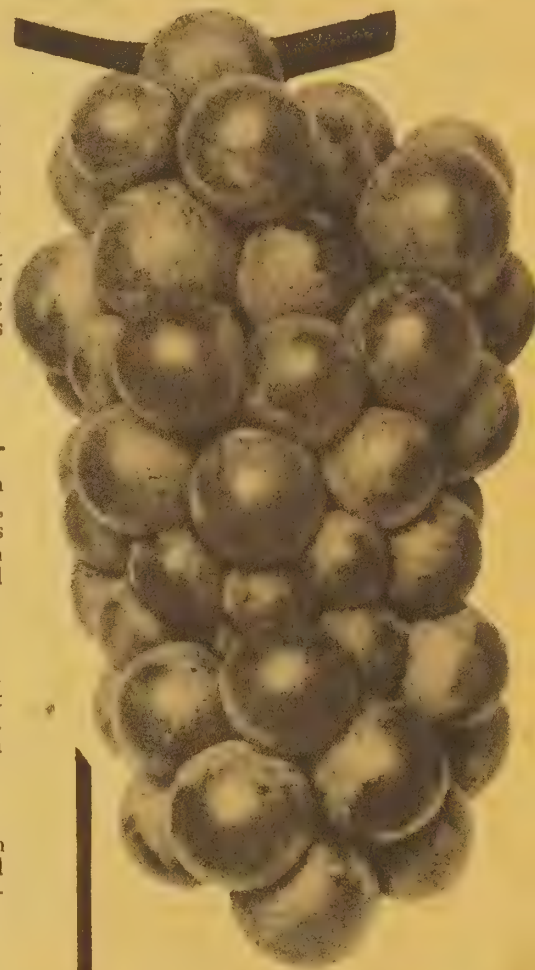

only \$3.98

Thompson SEEDLESS

A sweet, delicious, seedless grape known the nation over as one of the finest of all table grapes. Thompson Seedless is sold in stores at high prices. You can take the money that it costs you to buy a few bunches at the store and buy your own vines that will produce all the sweet, delicious, home-grown grapes you can use. Plant some of our select grapes — say, at least one of each variety, in your back yard on your fence, or even in landscaping planting. They will be a source of pleasure to you and your family for years to come. Labelled YELLOW.

PRICE:

Large Vine — \$1.25

Thompson SEEDLESS

DELAWARE

There has probably been a greater acreage planted in Delaware than any other red Grape. This beautiful, compact variety has juicy, sweet flesh of the finest quality for both table and wine use. It is adapted to a wide area and considered one of the heavy production varieties. It is a good commercial Grape and your home orchard will not be complete without Delaware. Labelled ORANGE.

PRICE: Large Vines — \$1.50

NIAGARA

The Grape with a distinctive flavor is worthy of a place in your planting. This hardy, prolific Grape is another of our selections from a long list of good varieties. It is a vigorous grower that produces an abundance of light green to white, compact bunches. Don't leave Niagara out of your planting if you want a Grape with a delicious tang. Niagara is labelled WHITE.

PRICE: Large Vines — \$.90

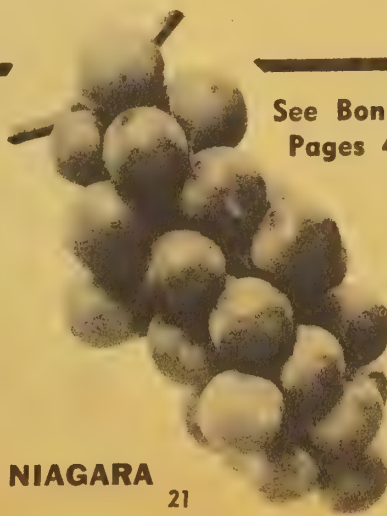

CONCORD

This large, juicy, sweet, tender-fleshed Grape ripens in August when everyone is hungry for a handful of good eating. The clear skinned, purplish black Concord bears heavy crops the second or third year after planting and the strong, healthy vines produce for many years. Concord is labelled BLUE.

PRICE: Large Vines — \$.90

Strawberries

STREAMLINER

Sensational Everbearer for the South

The largest Strawberry grown. Some as large as hen eggs. Streamliners planted in Fort Worth last February started bearing in March and were picked all summer and through Christmas. A Fort Worth grower says: "Streamliner produces more of the best Strawberries than any we have tried in 17 years. They continued to bear through 25 degrees of weather." Mulch the ground heavily with straw or sawdust to keep the heavy berries off the ground. Find a place in your planting for this huge, fancy, rich-flavored Strawberry.

PRICES:

12 Plants — \$1.95

25 Plants — \$2.95

50 Plants — \$4.95

BLAKEMORE

Perhaps the most widely planted of all commercial strawberries. It bears consistently and the extremely high quality of its fruit makes it ideal as a home garden plant.

ROSSBERRY

*The
Greatest
Berry
I've Ever
Found*

Juicy cobbles made with fresh berries, home-made jam with gobs of butter and hot biscuits — those are the things that the whole family can enjoy. The eating pleasure that you get from your own berry patch is worth time and time again the little amount of work it takes to grow berries.

THE INCOMPARABLE

ROSSBERRY

IT HAS EVERYTHING and is the sensation of quick-freezing. It is huge in size, and has the unusual combined flavor of Raspberry, Loganberry, and the sweet Blackberry. It fruits the first year after planting and withstands cold and drought. It actually likes dry weather. Remarkably free of the usual diseases. Small, soft, seeds are very few. Now growing in over sixty Federal and State Experiment Stations. First berry to ripen and a very heavy producer. 600 gallons per acre. Grows on a trellis and very easy to pick. As told by the original grower, Rossberry was created by Luther Burbank and went undiscovered for many years.

PRICES:

10 Plants — \$2.50
25 Plants — \$4.95

50 Plants — \$8.95

BLEEDING HEART

A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

PRICE: Selected Tubers — \$1.25 each

CAPE MYRTLE OFFER

3 lovely Watermelon red Cape Myrtle at a big saving. All 3 heavy one-year plants.

ONLY \$2.45

CAPE MYRTLE

Our most popular flowering shrub, and certainly one of the best loved and admired flowering shrubs of all time. Our Red Cape Myrtle is a watermelon-red color, the finest strain of red that we have ever grown. Our Pink Cape Myrtle has deeper color than most ordinary strains. It is a lovely Rose-Pink with huge clusters of blossoms.

PRICES:

RED 2 to 3 ft. Size — 95¢

PINK 2 to 3 ft. Size — 95¢

ALTHEA (Rose of Sharon)

Beautiful double flowering varieties of Red, Purple, Pink, and White that shower blooms from the middle of July to frost. Big, bright green leaves. These hardy, fast growing Altheas make one of the showiest of mid-summer flowering shrubs.

No. 16-2 Red Price: 2 to 3 ft., 95¢

No. 16-3 White Price: 2 to 3 ft., 90¢

No. 16-4 Pink Price: 2 to 3 ft., 90¢

No. 16-5 Purple Price: 2 to 3 ft., 95¢

CYDONIA JAPONICA

An aristocratic early blooming shrub that puts on showers of lovely salmon-red flowers in February or March, before the dark green leaves appear. This mass of red blossoms remains for 3 or 4 weeks. An extremely hardy shrub that is used in front of ever-green foundation plantings with striking results. A border of Cydonia is a breath-taking sight.

PRICE: 1 to 2 ft. size, 95¢ each

ALTHEA FLAG COLORS COLLECTION

3 A collection of three lovely Altheas—Red—White—and Blue. Ideal and attractive for a lot corner, or house corner planting.

ALL 3 ONLY \$1.95

MOCK ORANGE

This beautiful flowering shrub blooms heaviest in May and June but Orange blossoms can be seen almost any day during the summer. It is Mother Nature's perfume of the garden.

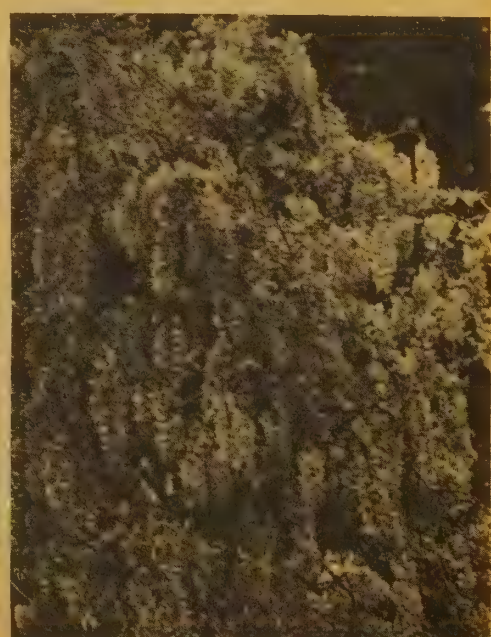

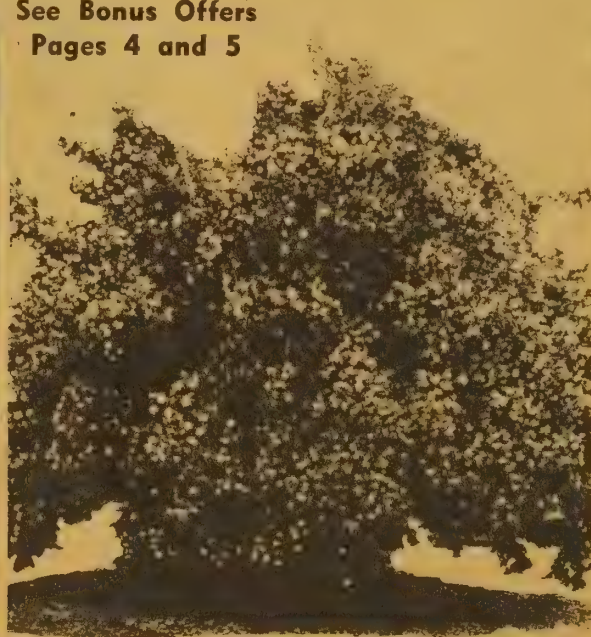

PRICE: 2 to 3 ft. size — 95¢

PURPLE WISTERIA

A magnificent climber that becomes more beautiful each year. Can be trained to make a tree. Plant on trellis, fence, old trees or as special specimens. Will bloom first year.

PRICE: 1 year size — \$1.25 each

Pages 4 and 5

BURNING BUSH

Most spectacular of all contrast Plants

One of the most beautiful — and colorful of all shrubs — and — it becomes a different color with each season: There are bright yellow flowers in May and June — then — red berries for late summer and fall. The foliage is an attractive dark green throughout the summer changing to a brilliant crimson-tinged rose in the fall. An unusual cork-like bark adds charm and contrast all through the winter months. Wolfe Nursery's Burning Bush thrives in all sections. The plant is compact and bushy which makes it ideal either as a foundation plant or as an individual specimen. Burning Bush is an outstanding addition to our select flowering shrubs — attracting attention during spring — summer — and fall. A contrast plant that you will be proud to grow in your yard.

PRICE:

Selected Landscape Plants Only \$2.95

BURNING BUSH SPECIAL

3 colorful Burning Bush shrubs for lovely contrast in your yard. Use in your foundation planting or as individual specimens for best effect.

all 3 for only \$6.95

PURPLE LILAC

The beautiful old Purple Lilac that you and I have known since we were kids. I have the original pure strain that grows tall and is covered with huge blossoms that only Mother Nature can provide. Fragrant and is often used as an informal hedge or as a flowering shrub under high windows.

WEIGELA

WEIGELA *Cardinal Shrub*

Every so often there comes to our attention a plant so unusual, so outstanding, so spectacular that it merits inclusion in our catalog. Such a plant is the new Weigela "Cardinal Bush."

It is a hardy plant — a flowering shrub that can be depended on to produce its blooms in exciting abundance each year. All of its many branches are engulfed with trumpet shaped, red blossoms. It is an everblooming flowering shrub that complements your landscape the year round with delightful wine-red sprays. Its foliage is rich and luxurious and the contrast of color between bloom and foliage is a joy to see. Usually new introductions are priced high because of the expensive research that a reputable nursery must undertake, but we know that the Weigela "Cardinal Bush" is destined to great popularity here in the South — so — we are pricing it low, depending on its success in your yard to bring repeat orders from you as well as your neighbor. Order today for the newest, the best, from Wolfe Nursery.

MODERN DOUBLE *French Lilacs*

Huge Fragrant Double Blooms Make Beautiful Bouquets — A Complete Range of Exciting Colors For Your Enjoyment

You can't match the exotic beauty of FRENCH HYBRID Lilacs. They bloom very young after planting and grow from 6 to 8 feet tall. Many cities are making them the city-wide shrub. We offer these four varieties as a collection at almost the price of one plant. Set them about 2 feet apart so the blooms will overlap. They blend perfectly together and such an arrangement will make a beautiful color scheme.

GUARANTEED *Superior Quality*

Each and every plant grown here at Wolfe Nursery must first meet with our own high and exacting standards of perfection. We are far more difficult to please than are our customers, for our products are viewed with eyes of expert horticulturists and must first please *US* before they are offered to *you*. The experimenting is ours—not yours. Each tree and plant must be the last word in strength, beauty, and production before it can find its way into the pages of this catalog.

Thus, the words **GUARANTEED SUPERIOR QUALITY** constitute no mere catch phrase but are used in the strictest literal sense of their meaning. In order to make such a statement, any company must need be very positive of the quality of their products.

In the final analysis, the priceless ingredients of any company are found not in the buildings or land they may own, but in the prestige, character, and reputation of the company. Only in their dealings with their customers over a period of years does any company become truly great.

Our customers are probably the most discriminating group of buyers of nursery products to be found anywhere. They **DEMAND** the best! They **INSIST** upon the best!! And from Wolfe Nursery they *get* the best.

PLANTING INSTRUCTIONS

We take great care to send you only the finest nursery plants that are grown. Before we will send you a plant or tree, it will have been inspected a minimum of seven times. For you to realize the maximum pleasure and production from your plants, care must be given in their planting. Below, we give some general tips on planting. Won't you write us for answers to questions you do not find answered here?

WHEN YOU RECEIVE YOUR PLANTS

All plants should be unpacked immediately upon receipt from our nursery. Check carefully to see that the varieties and sizes you ordered were shipped, or that proper substitutions were made provided we were authorized to make them. Be sure to keep the original copy of your order blank which serves as a packing slip and was returned with your order. *We will need it in case of adjustment.*

You should make a special effort to do the planting when the nursery stock is received. If conditions are unfavorable for planting, heel the plants in the ground in a well-drained location. Dig a trench that is deep and wide enough to hold the roots. Remove the plants from the package, cut all strings, and place their root system in the trench. To prevent the roots from drying out, work the soil thoroughly in and around the roots. Regardless of whether the soil is wet or dry, pour sufficient water in the trench to pack the soil closer to the roots. This will drive out air pockets, keep the roots moist, and in a good living condition.

ROSES

All Roses flourish best when planted in good, rich, well-drained soil in an open sunny location. They should be in beds or borders by themselves where roots of neighboring trees or shrubs will not penetrate or rob the soil. Make the hole deep (10 to 12 inches) and be sure that the plant is set low enough so that the bud union (graft) is about 1 inch below the surface of the ground. As you take each plant from the packing, soak the roots in water; then plant as above recommended, 18 inches apart. Roots should be spread out naturally, the soil pressed very firmly around them, then watered thoroughly. Prune back tops to within 4 to 6 inches of the ground when planting. Good cultivation and thorough watering during dry periods are essential to success. In early summer before the weather becomes hot, it is well to cover the bed with two inches of Natural Peat.

FLOWERING SHRUBS

Any good growing soil is excellent. Spade deeply and work down well, as you would for a garden crop. Keep shrubs 20 to 25 inches away from the foundation. Set deeply and firmly, the larger growing types 24 to 36 inches apart, with dwarf varieties 12 to 18 inches apart. Trim back the tops to insure quicker, better growth, then keep them cultivated the first year or two, watering them in the evening during dry spells. After the first year, they will require little care other than any annual pruning you may wish to give them. Each year's growth will add to the charm of your planting, and to the size and quantity of the blooms.

PERENNIALS

Plant in good, rich, well-drained ground that has been prepared the same as you would for any garden crop. No. 1, such as the Iris, should be planted with the main root just below the surface of the ground. No. 2, such as the Peonies, should be planted with the eyes or buds not more than 2 inches below the surface. No. 3, the fibrous-rooted type, should be planted with the crown just even with the ground level, not below. No. 4, such as the Hollyhock, Lupine, and Hibiscus, should be planted with the bud just below the surface, and the root tuber extended straight down. Set the low and medium growing perennials 8 to 12 inches apart, the taller ones 18 to 24 inches apart. The more shallow cultivation you give them with the hoe, the better they will be and the more attractive your garden. During dry periods, they should be given plenty of moisture, especially until well established. A light covering of straw, leaves, or other coarse litter placed over the bed in late fall when the ground is frozen 2 inches down, will insure safety, and do not uncover too early in the spring.

STRAWBERRIES

Plant Strawberries in good rich, well-drained soil; the crown of the plant when set should be at the surface of the ground (too deep planting will smother). Tamp the earth firmly around the roots, leaving a thin layer of loose soil at the top of the ground to prevent baking. Remove all young leaves. It will pay to water each plant thoroughly after planting. It will take about 8,000 spring-bearing plants to the acre, or 10,000 Everbearing plants. Keep ground clean and well cultivated. It is best to keep blossoms and runners on the everbearing varieties pinched off until the middle of July. In late fall, cover with clean straw, leaves or shredded cornstalks, and do not uncover too early in the spring.

PECAN CULTURE

Prune the top of your trees back one-third

Pecan and Walnuts: It is much better to have the holes dug before the trees arrive from the nursery. Regardless of whether the holes have been prepared or have to be dug, keep the root system covered with moist material until the trees are planted. Wolfe's Pecan Trees, machine-dug and whole-rooted, will require a hole at least 40 inches deep and 30 to 36 inches in diameter. WOLFE has gone to a great expense to secure a Pecan root system that will LIVE. The tap root has been cut approximately 38 inches below the ground and all of the lateral roots above the cut have been preserved. Dig the holes large enough to receive the roots without bending and deep enough to set the trees 2 inches deeper than they stood in the nursery row. This depth can be determined by closely examining the bark. The bark that was below the ground will look dark; that which was above the ground will be a grayish color. The off-set on the trunk and the paint mark used for labelling should not be mistaken for the ground level. When you plant your Pecan or Walnut trees, fill the space around the roots with only fertile top soil. **DO NOT PUT FRESH MANURE OR COMMERCIAL FERTILIZER IN THE HOLE.** Pack the soil around the roots to eliminate air spaces. Pour water in the hole as long as the ground will absorb it completely. When the soil is filled with water, do not water any more until the trees need moisture during the dry months. When trees are watered continuously, the soil becomes mushy and oxygen is driven from around the roots. Such condition results in the trees failing to produce foliage in the spring, even though the bark remains green. If the roots cannot get oxygen, the trees will eventually die. After the trees have been set in a permanent location, wrap the trunk loosely with burlap or heavy paper. The height of the wrapping material will depend on the size of the tree, but it should extend to and not above the first branch. The wrapping material will prevent borers from getting into the trunk and will also protect the trunk against sun scald. When the trees have developed enough top to shade the trunks during the hottest part of the day, the material may be removed.

ROSA MULTIFLORA

See Bonus Offers Pages 4 and 5

The Miracle Living Fence

The very best, most colorful, all-purpose hedge grown. It makes a dense, thorny barrier that stops traffic across your yard or garden. And just as it keeps livestock in a field, it keeps your pre-school youngsters from wandering out of the yard. In the spring, even if trimmed, it bears clusters of small, white, wild roses, and, in the fall, the berries turn a pretty bright red. If you let it grow, it will get tall enough to make a good screen. Ideal on terraces because it stops washing. Does not sucker or spread so does not interfere with nearby plants or garden, and you'll find it easy to run a lawn mower under its arching branches. Grows 2 ft. to 6 ft. high, depending upon how you trim it. We do not offer the small conservation grade as we believe the loss in planting is too great for that size plants. And our Super Grade will make you a hedge in a hurry.

Evergreens

YELLOW JASMINE

We have selected this variety out of several Jasmines. Its long, slender branches arch and hang to the ground. The foliage is a bright, tender green that is covered with gorgeous little yellow flowers all summer.

PRICE: Heavy One-Year Plants — \$1.25

PHOTINIA

A large handsome Evergreen with slightly curled, indented leaves. The new foliage in the spring is a contrast of bright colors and in the fall, they produce an abundance of scarlet red seed pods that look like a mass of red berries. Thrifty grower that can be used many places in the landscape. Will grow from 5 to 7 feet tall but can be pruned low.

PRICE: Heavy One-Year Plants — \$1.25

EUONYMOUS JAPONICA

A waxy, glossy-leaved specimen of the Broad-leaf evergreen family. An all-purpose plant that may be pruned to any shape, or that will cling close to the wall. Ideal for planting behind flowering shrubs and will make a lovely hedge.

PRICE: Heavy One-Year Plants — \$1.25

WAXLEAF LIGUSTRUM

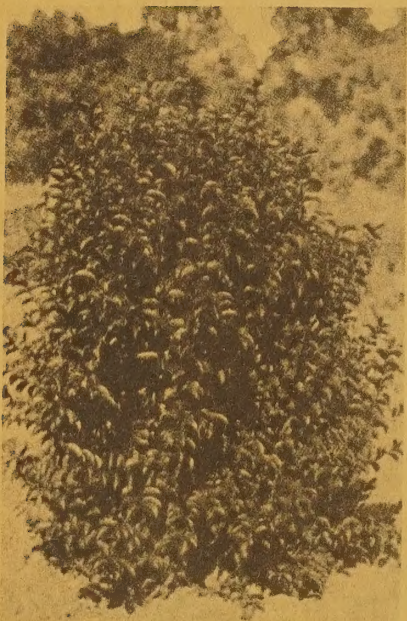

One of the finest broad-leaf Evergreens grown in the South. This aristocrat of the Evergreen family has showy, thick, waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape, for specimen plants, or beautiful informal hedge.

PRICE: Heavy One-Year Plants — \$1.25

ABELIA

One of the rare evergreen family that blooms from May until frost with a mass of fragrant, white flowers that have a very light touch of pink. Each flower is cradled in a bell-shaped cup with six petals of dark purplish-red. This array of exquisite blooms has for a background a willowy, dense, glossy green foliage that changes here with the season. Grows 3 or 4 feet high.
